

VH Frauenakademie international

English Book Club - Winter 23/24

Since 2016 the English Book Club has been an important part of the international activities at the Frauenakademie (Women's Academy, a lifelong learning offering by the VH Ulm).

To adapt to the demands of our modern lifestyle the course is now offered as an online evening activity via Zoom.

One of the most enjoyable things about reading is sharing our love of books with other people. And that's what Book Club is about! We focus on fiction originally written in English but also read non-fiction, memoirs etc..

In our Book Club we agree on a book to read from a list of suggestions. Then, after we've read it, we'll meet and discuss our experiences of reading and share what we have learned, how the books we read change our views.

If you enjoy reading and talking, please join us for Book Club! Meet new people! Read new books!

The theme for this semester is books by winners of the Women's Prize for Fiction and the Pulitzer Prize.

The meetings will take from 19:00-20:30 online via Zoom.
